Bunnings Underwood lend a helping shovel to local charity

Leading disability services provider Multicap's Eight Mile Plains site recently received an unexpected helping hand, and shovel, from the local Bunnings Warehouse Underwood staff with a gardening beautification project.

Six staff from Bunnings Warehouse Underwood dropped by and helped Multicap Gardening Officer, Hannah Jones, place \$1,000 worth of plants that were kindly donated by their suppliers in the grounds.

Multicap Chief Executive Officer, Joanne Jessop, said it was wonderful to see local businesses helping a local charity that supports the lives of fellow Queenslanders living with multiple disabilities.

"Our Eight Mile Plains grounds provide services to over 250 clients and staff, including 14 who live here permanently, all of whom will enjoy the beautiful new gardens immensely", said Ms Jessop.

"Congratulations to our Gardening Officer, Hannah Jones, who put a lot of thought into the gardens and what plants were best suited and approached the wonderful Bunnings Warehouse Underwood team for their support", she said.

Thanks must also go to the Bunnings Warehouse Underwood plant suppliers Dracaena Farm Nursery, Rainforest Tree Nursery, Stanmore Horticultural, and Floral Abundance.

Multicap is a leading non profit disability services provider, established in 1962, that provides creative and sustainable support options and services to people with multiple disabilities, their families and carers in Queensland.
